What We Do

Fare Assistance

RTD, DRMAC and Denver Human Services (DHS) invite Denver Metro residents to visit Colorado PEAK to apply for LiVE: RTD's income-based fare discount program. LiVE provides a 50% fare discount for RTD's fixed route bus/rail services to individuals and families (ages 19+) with limited incomes living in Colorado.

For example, a standard RTD fare valued at \$2.75 would be discounted to \$1.35. For more information visit Colorado Peak or RTD LiVE or call DHS at 720-944-4347.

RTD also offers other discounts for older adults, youth, and people with disabilities. Older adults (age 65+), people with disabilities, and Medicare recipients receive a 50% fare discount. Youth 19 and under ride at no cost through August 31, 2024. Children aged 5 and younger always ride free with a paying adult. See RTD Fares website for more info.

What We Do

Information & Assistance Center

We want to help you find the ride that's right for you! The DRMAC Transportation Information and Assistance Center is your "go-to" resource when you need to identify transportation options to "go-to" medical appointments, shopping, across town or just about anywhere life takes you.

The Information and Assistance Center, known as the I&A Center, is open Monday through Friday from 9:00AM to 5:00 PM. Call us today at **303-243-3113**.

Community Outreach

We continually reach out to make sure we remain a community viable resource. We participate in and advocate with a wide variety of the region's work groups, task forces, and committees, on human services and transportation needs and futures.

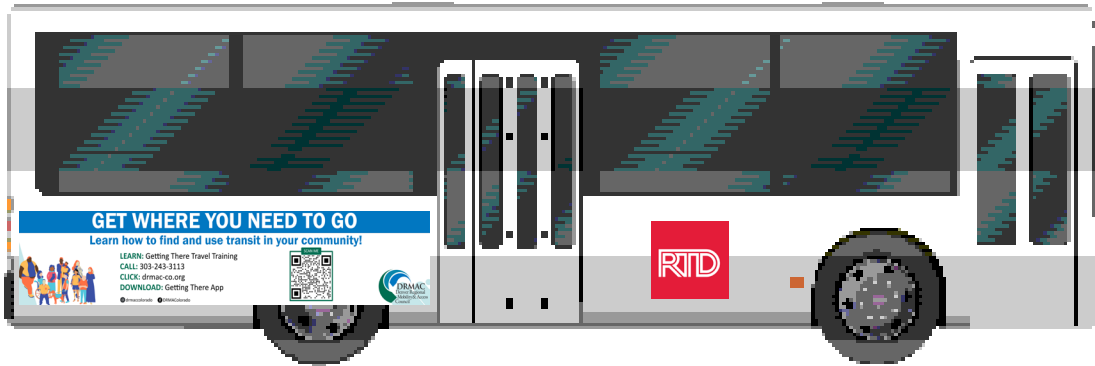

We attend community events to provide information on DRMAC programs and services. For more information or to have our team present at your event, please contact us at csamuels@drmac-co.org.

The Denver Regional Mobility & Access Council Team.

What We Do

Getting There Travel Training

DRMAC's Getting There Travel Training Program's mission is to increase confidence in using transportation in the Denver Metro community.

We partner with many local transportation options, like RTD, Lyft, and Uber and teach people how to find and use them. The free trainings are offered virtually or in-person and are available in English and Spanish. Email info@drmac-co.org for more information.

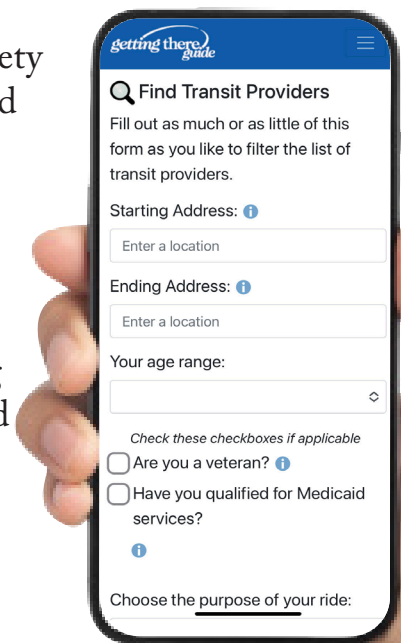

Trainings and Events

DRMAC offers a variety of educational workshops and events to ensure people with mobility challenges have access to the community. We strive to make sure the topics are fresh and appropriate for the community we serve. For information or training suggestions, please email csamuels@drmac-co.org.

Getting There App and Web Tool

DRMAC's Getting There Guide serves as a transportation resource for 9 counties of the Denver Metro area. It contains information about paratransit, public/private transportation, rideshare options, and volunteer transportation.

The guide is free for everyone to access and download on drmac-co.org and lists a variety of low-cost and free options. Additionally, all of this information can be found in our Getting There App and webtool.

A Note About Medicaid Transportation:

Individuals who receive Medicaid as their primary medical insurance can contact [IntelliRide*](#) at 303-398-2155 and provide their Medicaid state ID to find out if they are eligible for transportation benefits. If eligible, free transportation may be provided to Medicaid covered medical and behavioral health appointments.

Individuals who are enrolled in one of the following Medicaid Home and Community Based Services waiver programs should contact their Single Entry Point or Community Center Board case manager to find out more about transportation services and providers: Supported Living Services waiver, Elderly Blind and Disabled waiver, Brain Injury waiver, Spinal Cord Injury waiver, and Community Mental Health Supports waiver. Visit the State of Colorado's website and search for single entry point agencies or community center boards.

Assistance with navigating Medicaid transportation resources is also available through local Regional Accountability Entities (RAEs).

DRMAC Mission Statement

The mission of DRMAC is to inform and empower people to overcome mobility barriers through education, collaboration, and advocacy to enhance quality of life.

Vision Statement

The vision of DRMAC is to ensure people with mobility barriers have access to travel options across the region.

Denver Regional Mobility & Access Council (DRMAC) is a member-based nonprofit organization that provides information, assistance, education, training, and coordinating activities on transportation options and transit availability. DRMAC also addresses the inequality in transportation options available in underserved communities and has worked hard to collaborate with other organizations to address barriers to basic human needs.
